

Do You Remember?

That...

Project Manager/Initiator should **send** his/her **Project Concept Note** for Peer Review **to all** thematic experts related to the Concept Note. So, depending on the thematic area(s) of the Concept Note, he/she should send it to one or more of the below **thematic email groups with a cc to PAGmembers**:

Urban Land, Legislation and Governance Experts	unhabitat-ULLGexperts@un.org
Urban Planning and Design Experts	unhabitat-UPDexperts@un.org
Urban Economy Experts	unhabitat-UEexperts@un.org
Urban Basic Services Experts	unhabitat-UBSexperts@un.org
Housing and Slum Upgrading Experts	unhabitat-HSUexperts@un.org
Risk Reduction and Rehabilitation Experts	unhabitat-RRRexperts@un.org
Research and Capacity Development Experts	unhabitat-RCDexperts@un.org
Programme Management Officers	unhabitat-pmos@un.org
Project Advisory Group Members	unhabitat-pagmembers@un.org

And by the way ...

Project Concept Note should be shared for review at the earliest time possible, preferably at the time of conception and/or parallel (if not before) to discussions with donor and partners. There is great value added.

The PAG members are expected to raise observations on possibility of an integrated project or programme (multi-thematic) during Peer Review.
