

Do You Remember?

That...

A Branch Coordinator Chairs the session of HQ PAG for his/her Branch's projects where the project value is up to a maximum of USD\$500,000. Within the delegated authority, the Branch Coordinator makes the Go/No Go approval decision on the projects or programmes reviewed at such PAG meeting. Project value over USD\$500,000 is chaired and approved by the Director Programme Division

Similarly, a Regional Director is the R-PAG Chair for his/her respective region for project or programme with value up to a maximum of USD\$2,000,000. Within the delegated authority, the Regional Director makes the Go/No Go approval decision on the projects or programmes reviewed at such R-PAG meeting. Project value over USD\$2,000,000 is Chaired and approved by the Director Programme Division

And by the way ...

Although Regional Directors have alternate R-PAG Chairs, the Go/No Go approval cannot be sub-delegated to the alternate Chairs.

Branch Coordinators do not have alternate Chairs for their Branch's projects. Where a Branch Coordinator is unable to chair a PAG meeting for his/her Branch within his/her delegation, he/she needs to inform the HQ PAG Secretary in advance, so that the Secretary can organize to have that session of the HQPAG meeting chaired by the Director PD or his/her designated alternate.
